2017 Bond Program Development Community Committee Meeting #5 Parks & Recreation

December 5, 2016

Presented by: Sheryl Sculley, City Manager &
Mike Frisbie, P.E., Director/City Engineer

Hemisfair Civic Park

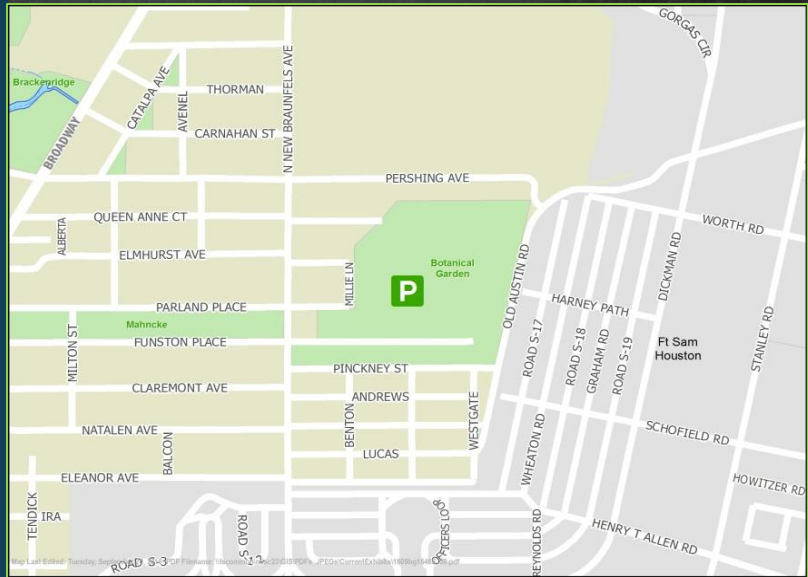

- Reduction in funding will result in scaled back construction and material quality as well the reduction of up to 2 larger features (i.e. The Shallows, Source Plaza, etc.)
- Further complications will be realized once the perimeter of the park is created and developed. Anticipate logistical and economic challenges of working within the inner park while having functioning retail businesses, offices, apartments and a hotel.

Botanical Gardens

- Proposed funding intended for development of multi-functional Education and Events Center to host symposiums, exhibitions, shows, seminars and other events.
- Reduction in funding will result in the project reducing up to 35-40% of available event spaces and seating areas.

Zoo Parking Garage

- Proposed funding to provide 3 levels of parking with a total of 600 parking spaces including green screen, sidewalks, crosswalks and pedestrian walkways.
- Reduction in funding will result in a combination of value engineering and scope reduction.
- Future construction and phasing for additional parking levels possible however challenging

World Heritage Park & Land Acquisition

- Proposed funding for enhancements and visual improvements along the most frequently traveled corridor that leads from the Alamo to Mission Espada.
- Reduction in funding will result in scope reduction to include general park rehabilitation and improvements as well as any land acquisitions.

UIW Sports Field

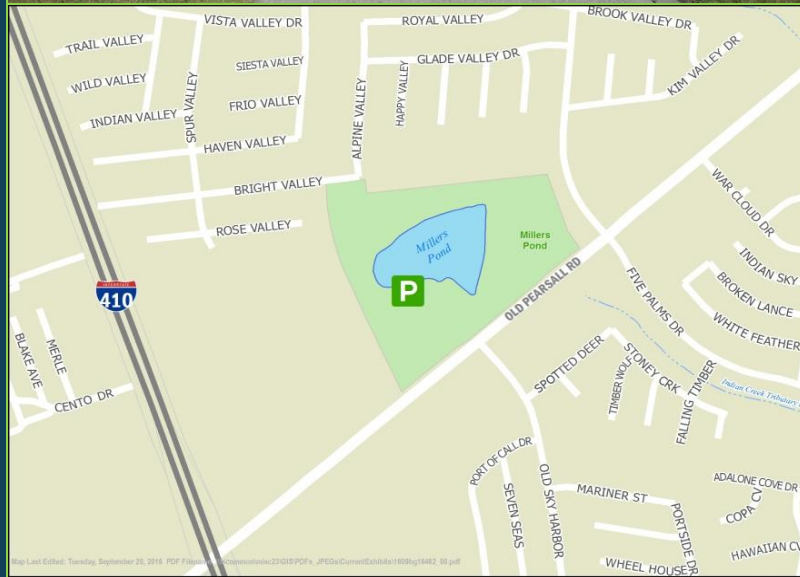

- Proposed funding to be leveraged toward completion of Phase 1 of the UIW Sports Field Development to include tennis courts, bleachers, 400 meter track, soccer fields, parking and field lighting.
- Reduction in funding will result in additional scope reduction.

Miller's Pond

- Proposed funding for basketball court shading, park restroom and development of additional parking.
- Reduction in funding will result in scope reduction

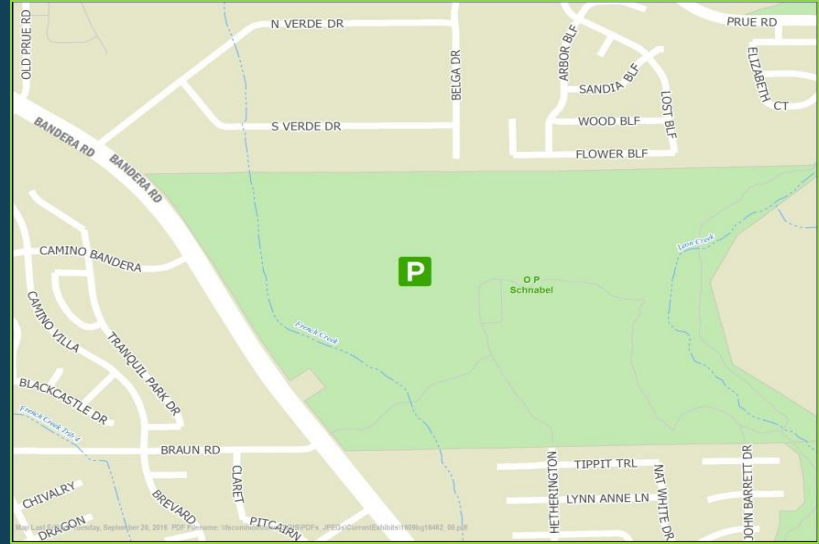

District 6 Park Projects

- Reduce District 6 Parks by 8%
 - Cuellar Park
 - Culebra Creek Park
 - District 6 Parks
 - New Territories
 - Oscar Perez
 - Tom Slick Park
- \$232,000 to North San Antonio Hills Park

O.P. Schnabel Park

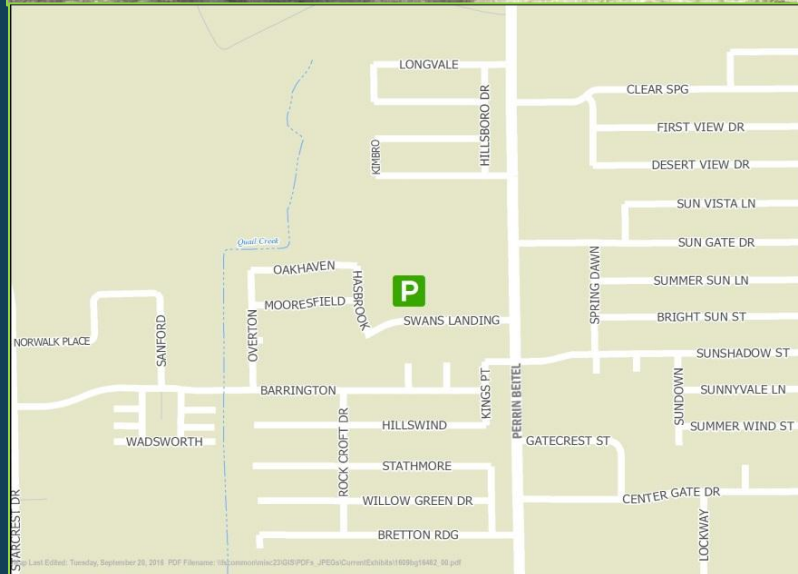

- Proposed funding for purchase of approximately 94 acres of land and general park improvements to potentially include a second park entrance and dog park.
- Reduction in funding will result in the inability to complete the land purchase .

Perrin Homestead

- Proposed funding for rehabilitation of a historic homestead.
- Reduction in funding will result in the inability to rehabilitate almost 7 acres of property for public and adaptive use.
